**Pray**

To Change History!

The first opportunity in 1500 years to impact the Islamic community with Christ.

Muslims are fleeing Islam!
Never in history has there been such an opportunity to reach Muslims for Christ.

“They are sick of Islam and the horrors of ISIS.”
*Evangelical missionary in Iraq*

“They are leaving Islam in droves and we have baptized 600 in the last few months.”
*Evangelical preacher in Berlin, Germany*

“I believe 30% of the Islamic refugees coming to Germany will turn to Christianity.”
*Head of Evangelical Lutheran Church in Germany*

“Since September we have averaged baptizing one Muslim every day.”
*Christians in Athens, Greece*

We beg you to pray for Christians in Europe who are working to convert Muslims to Christ.

Your Prayers Can Change History

Ask your churches to pray at every meeting for the Muslims seeking Christ and for those Christians working with them.
ON THE SHIP OF LIFE

Life

Little model at the Deep River Church of Christ among the 280+ pillow case dresses they made to send to Cambodia. We have now received more than 1,000 from US congregations and others are on their way along with shorts for the boys.

While life marches on in Nepal, brethren are continuing to work among those who lost everything during the earthquake a year ago. More than nine thousand people lost their lives and thousands more were injured. Tens of thousands lost their homes and are still reeling from the disaster. Our brethren have been working constantly since the quake. To date, they have installed more than fifty water purification systems that provide pure drinking water for hundreds of people who did not have a pure water supply or lost it during the disaster. The systems have been donated by “Water for the World” which is an organization in Indiana. Their coordinator, Steven Uhde, told me last week, “I am continually grateful for the opportunity to work with your people. They have been an answer to our prayers as we struggled to find a way through which we could help the people in Nepal.” He has trained a team of Christians to assemble and install the units and they are continuing to place them across the country.

They are also helping countless people rebuild their homes with hands-on labor, using cement and roofing materials as they work side by side with villagers as they rebuild. Some of these high mountain villages have no roads into them so our team, together with villagers, carry bags of cement and roofing materials on their backs as long as three days to get to those in need.

Sophean, our Cambodian boy who was born without genitalia, is recovering nicely and preparing for his second of five surgeries which the volunteer Italian surgical team says will eventually help him have all the bodily functions of a normal boy. The hospital, the surgical team and all technicians donate their time so the only cost to give Sophean a normal body is the expense of travel from Cambodia to Vietnam and hotel and food for his guardians, which averages about $3,000 per trip. If you would like to help change a wonderful little boy’s life, send a gift to Sophean, Partners In Progress, P.O. Box 13989, Maumelle, AR 72113, USA.
The Church is Growing in Burma (Myanmar)

Experiencing new freedoms since the change in government three years ago, the church in Burma is now unencumbered with the restrictions that kept them semi-underground for more than 50 years, and although limited in the number of effective evangelists and resources, they are making great strides. The church in the north among the Chin Tribe remains stable and growing in some areas, and the church in Yangon continues to reach out to people in that multi-million population city.

The eleven congregations in the Delta that were established after Hurricane Nargis destroyed everything in 2008, that are all between seven and three years old, continue to make progress, and this week there are fifty of the church leaders attending a seminar, pictured below, being taught by Brothers Bob Buchanan and Ken Wilkey, who have helped out with these seminars since their beginning seven years ago. Twice a year, leaders selected from their congregations are brought to the capitol for seven days of intense Bible training and they often bring interested, non-Christians with them, many of whom are converted at the seminar. This work is being done primarily by the local brethren with our encouragement and advice. God is doing marvelous things among the Buddhists in Burma as they come to Him. The cost of the seminar is about $3,000 each time. This includes housing and transportation for the people from the delta to come and stay in Yangon. That’s $60 per student for eight days of instruction. If you would like to be a partner with us in this effort, your gift will be gratefully received. Just mark your check Burma Seminar. We just received word that two more were baptized during the seminar.
