A predicted **850,000** refugees from the Middle East will enter Europe before the end of this year, according to the UN and the European Commission for Refugees. The largest group is passing through Hungary as I write with more than 170,000 arriving in the last ten days on their way to Austria, Germany, Sweden and other countries in Western Europe. Missionaries in Budapest and Vienna are already distributing the necessities of life to the marching hordes along with **Bibles and literature in the Arabic language in an effort to “Impact them for Christ.”**

We believe God has brought us to this place at this time to assist these dedicated brethren who need money to buy food, tents, blankets and bottled water to demonstrate Christian concern and help them on their way. PIP is providing $30,000 immediately, but we need much more if we are to help our European brethren meet this tremendous opportunity. People will see the love of Christ who never before had the chance, living in isolated Muslim communities, and those with some knowledge of the Master will see a demonstration of Christian love like they have not known if you will partner with us in this tremendous task.
You Can Help Us Make A Difference in Europe

The Gospel Is For All

Please partner with us in bringing relief as we demonstrate God’s love to thousands.

We gratefully anticipate your gift for the hopeless,
William E. “Bill” McDonough
